

Culverhouse Community Garden Meeting Notes
Sep 29, 2009 at 4 PM at Village Walk Meeting Room
20 future gardeners attended

Three working committees were established yesterday.

- 1- Garden Design Committee chaired by Marcia Freeman mikeandmarcy@verizon.net 924-6828
- 2 - Bylaws Committee chaired by Ray Komarek Ray.Ben@verizon.net 926-4664
- 3 - Fees Committee chaired by Leila Frangie LFrangie@verizon.net 921-8352

Even if you did not attend the meeting yesterday, you may still help out on one of these committees. Please contact the chairpersons directly, and they will gladly give you some work to do - phone calls, internet research, site visits, etc. In that way you will show that you are willing to contribute to the effort to open up the garden by next September. There is so much to do before then!

If you would like to help in other ways, more committees will be established soon:

- Water Procurement (& irrigation design) Committee
- Mulch and Compost (& soil prep) Committee
- Construction (designing a fence, arbor, etc) Committee
- Funding (grant writing) Committee
- Site Preparation (soil testing, delineate plots, etc) Committee
- Communications (email & newsletter) Committee

All volunteers are welcome. If you email me, I will steer you in the right direction.

If you wish to be removed from the Culverhouse Community Garden and Education Center email lists, please reply to this email with the message UNSUBSCRIBE.
